Are you planning to attend the **AAP annual meeting, Physiatry 'in, May 19-28?**

Visit us at Booth 1111 in the Exhibit Hall and check out the following presentations from Shirley Ryan AbilityLab clinicians, researchers and alumni (and be sure to check out our Fall Gala):

Those noted in orange bold are Shirley Ryan AbilityLab attendings, residents, fellows, therapists, researchers and, in some cases, alumni. Those noted in black bold are alumni who work at other institutions. Alumni graduating years are noted in parentheses. All times are in central daylight time (CDT).

Highlighted Events

Fellowship & Job Fair
Date/Time: Wednesday, May 25, 5:30 - 7:00 PM
Location: Grand Salon A

Promoting Function and Independence in the Cerebral Palsy Population

While CP can affect one's mobility and independence, both children and adults with CP can live healthy and active lifestyles with the appropriate interventions and equipment. At Shirley Ryan AbilityLab, a heavy focus is placed on gait training and standing with this patient population during physical therapy.
