APHASIA COMMUNITY GROUP - CLASS DESCRIPTIONS

Γ

	Spare Parts: Four Undocumented Teenagers, One Ugly Robot, and the Battle of the American Dream
	- by Joshua Davis Spare Parts is the story of four Mexican-American teenagers struggling to find their place. An unlikely robotics competition brings these teens together. This book addresses the politics of immigration and our faltering educational system. This true story is an amazing tale of hope and ingenuity. (adapted from Amazon summary)
	A great feel-good tale of scrappy underdogs beating long odds Spare Parts illuminatetwo polarizing political issues: immigration and education Spare Parts is a delightful book. The Washington Post
	Conversation Group This is an opportunity to talk about anything you want – politics, sports, movie trivia, living with aphasia, your daily and weekly activities – anything goes!! Converse in a supportive environment with others who have aphasia.
	Train your Brain in the New Year What are brain games? Explore the trend to train our brains. Join other group members as we have fun trying a variety of games designed to exercise your cognitive and language skills. We will learn some interesting information about how the brain functions for thinking and language.
