APHASIA COMMUNITY GROUP - CLASS DESCRIPTIONS

The Fault in Our Stars by John Green

This book tells the story of a romance between teenagers, Hazel and Augustus. The teenagers meet in a cancer support group and find that they are kindred spirits. The Fault in Our Stars inspires us to find meaning in our lives and to think about the mark we want to make on the world.

“The Fault in Our Stars... tackles big themes (life, love, and death) and succeeds. Mr. Green...delivers an honest, immediate, and deeply resonant story, one deserving of its status as a future classic.”

The New York Journal of Books

Conversation Group

This is an opportunity to talk about anything you want – politics, sports, movie trivia, living with aphasia, your daily and weekly activities – anything goes!! Converse in a supportive environment with others who have aphasia.

Chair Zumba

Learn about Latin music and culture. Get into the Latin rhythms while you get a seated work out. This class will challenge your coordination while you have fun! Ditch the work out and join the party!

This class will be co-facilitated by a certified chair zumba instructor and a speech-language pathologist.
