

Literacy & Language

2019 Pediatric Speech Summer Camp

Led by our pediatric speech-language pathologists, literacy and language camp is a four week program for children from age 3-7 that focuses on improving communication skills in children with language delays.

This therapeutic camp program focuses on early literacy skills, which are closely related to language development. In this camp, we will help foster language skills through reading books together, singing songs, and doing language-based crafts.

There will be a focus on increasing phonological awareness, improving early literacy development, and teaching basic concepts through the use of engaging and interactive stories.

A physician referral/prescription is required to participate in the camp.

Monday - Thursday
August 5 - August 29
9:30 – 11 am

All sessions will be held at:
Shirley Ryan AbilityLab
345 E. Superior St.
Chicago, IL 60611

To sign up, please contact
Lauren Eckerle at 312.238.6129
or leckerle1@sralab.org
