Zoom Aphasia Class Descriptions

Focus on Film featuring Great Film Directors

This group will focus on great directors and their films.

We will **learn about the role of the director**.

We will explore the lives of **diverse directors** and **watch one film by each featured director**.

Come **analyze films** and **varying genres** and learn more about the great directors who made them!

Watch the film during the week. Then, on Thursdays, discuss the featured film and its director.

Share your thoughts and learn the views of others as we talk about these films. Materials and homework will be provided.

Zoom Conversation Group

Come join the internet-based conversation!

This is an opportunity to talk about anything you want – what's happening in the world, politics, entertainment, living with aphasia, your daily and weekly activities – anything goes! Converse in a supportive environment with others who have aphasia.
