

Language Explorers

2023 Pediatric Speech Summer Camp

Led by one of our speech language pathologists, Language Explorers is an intensive therapy group that focuses on improving receptive and expressive language skills along with peer interactions and group participation.

Improving language skills is facilitated through shared book reading, singing songs, and facilitated play.

Children will practice using newly learned expressive language skills to navigate group activities and improve receptive understanding of vocabulary and following directions.

Monday – Thursday

June 12–July 13

9:30–11 am

Ages 3-7

All sessions will be held at:

Shirley Ryan AbilityLab

355 East Erie

Chicago, IL 60611

To sign up, please contact Sarah Sung at 312.238.1029 or ssung@sralab.org.
