

# EARN WHILE YOU LEARN

## CERTIFIED NURSING ASSISTANT CAREER ACCELERATOR PROGRAM

### Your Fast Track to a Career in Healthcare

Oak Point University and Shirley Ryan Ability Lab are investing in you and your community with a **Certified Nursing Assistant Career Accelerator Program**. This unique program provides a fully-paid fast track to educate, certify, and employ certified nursing assistants (CNAs).

#### The best part?

A job is waiting for you in a high-demand and high-growth industry!

#### Full-Time Pay + Benefits

Competitive starting hourly rate plus medical, dental, vision, and more.

#### Free Tuition + Materials

The healthcare partner is paying for you to go back to school.

#### Hands-On Learning

State-of-the-art simulation labs and clinical training provide active, real-world learning.

#### Immediate Job Placement

Within the one of the healthcare partners we are working with.

#### Career Advancement Options

Earning your CNA certification is your first step toward increased earning and growth potential.

#### WHAT IS A CERTIFIED NURSING ASSISTANT?

- A CNA uses skills to assist nurses in the care of patients across a wide variety of health care settings. Provide basic bedside care such as eating, dressing and bathing.

#### WHAT DO CNAs LEARN?

- Classes cover basic patient care, infection control, nutrition, anatomy, communications and documentation, safety and emergency procedures, and patient rights. They also receive hands-on training in performing basic nursing tasks such as taking vital signs, moving patients, and providing personal care.

#### WHAT DO CNAs DO?

- CNAs provide direct care to patients in hospitals, nursing homes and home care. As a vital part of a larger care team, Certified Nursing Assistants help patients with a wide range of basic needs, including eating, bathing, grooming, mobility and more.

#### WHO CAN APPLY?

- Anyone with a high school diploma or GED

#### QUESTIONS?

- Contact [recruitment@sralab.org](mailto:recruitment@sralab.org) or call 312.238.6270.
